stool by pure salt

DETAILS

Our stunning stool designed in collaboration with Pure Salt is now handcrafted with all-weather materials for exceptional durability and performance both indoors and outdoors. This Capsule Collection blends a coastal, surf-inspired aesthetic with artisanal craftsmanship using the most natural and natural-feeling materials.

Locally sourced, high-grade teak is treated with a gorgeous neutral finish, while a carefully crafted custom synthetic rattan replicates a heathered, pre-worn look in a distinct weave pattern for a relaxed, inviting feel.
