

lounge #1

DETAILS

Inspired by the stunning interiors of Bali, the lounge #1 is a modern classic ready to dress up any space. The chair is made from American walnut and treated to a neutral, matte finish. The full-grain leather is vegetable-tanned, dry-dyed and finished with an opaque leather sealant to prevent patinas. Its clean lines make this lounge the perfect accent piece in any room. Ink is our most stain-resistant leather shade.

MATERIALS

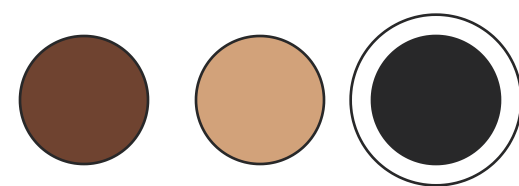

Vegetable-tanned leather, zero chromium.
Finished with a water-resistant top-coat to prime and protect.
Sustainably-sourced American walnut is naturally rich and dark, with subtle gorgeous grain throughout.
