

# stool #3

## DETAILS

The backless version of our classic counter stool. Perfect for kitchens that require a low-profile stool, but still seek a hint of drama. The stool #3 is made from locally sourced high-grade teak and treated to a beautiful neutral finish. The full-grain leather is vegetable-tanned, highlighting the natural texture of the hide while reducing our environmental footprint. The leather is finished with an anti-UV topcoat to protect against discoloration and stains. Pair this backless beauty at the end of an island with our stool #2 to add additional seating without the clutter. Whiskey is our most versatile color story and a great stain-friendly option.
