

freda wave counter stool

DETAILS

Discover our latest Editions release—a limited collection of numbered pieces inspired by vintage finds and heirloom treasures.

The Freda Wave Counter Stool has playful wavy lines inspired by French mid-century designs, and plays wonderfully with the Freda Razor in a mix-and-match set. The paper cord seat is both low-impact and durable, while the sustainably-sourced white oak is finished with an anti-yellowing treatment to keep the wood bright for years to come.
