

Boble Lounge Chair In White Oak & Natural Rush

The Boble Lounge is a contemporary take on traditional craftsmanship. Inspired by 17th-century French bobbin furniture, it features a solid white oak frame paired with a natural woven rush seat and backrest.

Each bobbin is hand-turned on a lathe, a legacy skill preserved by a small number of artisans today. The woven rush, used in furniture for centuries, brings warmth, texture, and comfort to this distinctive chair.
