

## Tiga Counter Stool In Upholstered Performance Linen

Named after the number "three" in Indonesian, this counter stool boasts a striking three-paneled backrest and three side struts, creating a distinctive and functional silhouette.

The warm honey oak finish adds timeless character to any dining space. This stool is customizable with either a classic Danish paper cord seat showcasing a woven pattern that is both durable and designed to minimize sagging, or an upholstered seat in your choice of performance linen or customer own material (COM).
